ENDORSEMENT: COMPASSION IN WORLD FARMING AND CAGE-FREE INITIATIVE

Cape Town Tourism is proud to support an initiative run by one of our members, The Humane Education Trust, that promotes the purchase and use of cage-free eggs.

We support and appreciate Responsible Tourism practices in order to create better places for people to live in, and better places to visit. Responsible Tourism requires that operators, hoteliers, governments, local people and visitors take responsibility, take action to make tourism more sustainable.

We would therefore like to encourage restaurants and food vendors to sign up to the cage-free eggs initiative, to help us work towards a sustainable tourism industry in Cape Town.

Kind Regards,

Enver Duminy
CEO: Cape Town Tourism

WELCOME TO CAPE TOWN

where conscious eating is turning the Mother City into a

CAGE FREE ZONE

Cage-Free Cape Town

Good health includes mind, body and soul.

It matters then, that animal-derived foods are sourced from farms where animals enjoy lives worth living!
