Teaching A Culture of Non-Violence

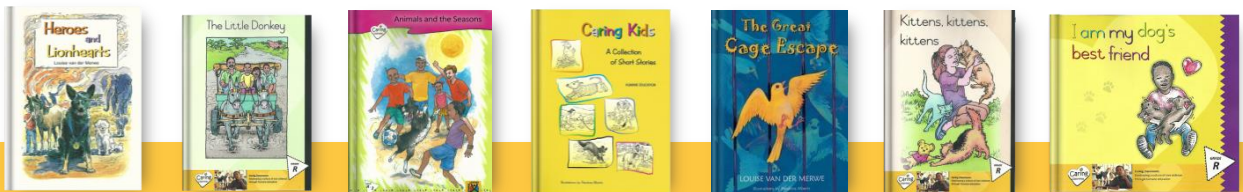

IN PURSUIT OF A KINDER WORLD

The world is on the crest of a wave of change.
Nowhere is this more apparent than in the pace of what we
have achieved in the first 7 months of

2016

Here are some examples

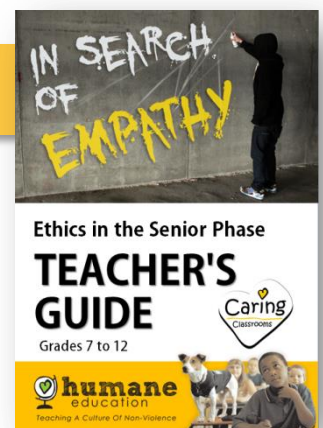

**Department of Education puts our resources on their
'recommended' list**

The Gauteng Education Department included all 28 of our humane education readers and DVDs on its **'recommended'** list for 2016/17. The readers were on display at every exhibition of resources arranged by the Department for Gauteng teachers, giving us the opportunity to bring these teachers on board in the **creation of a kinder world**.

Development of Teacher's Guide Senior Phase

Due to demand, a **sequel** to our very popular **Teacher's Guide to Humane Education for Grades R to 6**, is in the process of development and will be ready by year's end. Titled **Ethics in the Senior Phase – A Teacher's Guide for Grades 7 to 12**, both Guides are aligned with National Curriculum Topics in Life Skills and Life Orientation.

Our **In Search of Empathy** and **Dog-Fighting Must Fall** workshops were enthusiastically received by all delegates. **The GMA Foundation** and **Domino Foundation** in Durban, as well as the **Community for a Safer Environment** in Hanover Park and **Manenberg Pets** have asked for a continued association with us so that all the schools in these areas can benefit from our programmes.

A short video of our **In Search of Empathy** workshop is available at www.humane-education.org.za There is nothing more encouraging for us than being the catalyst for the inspiration the delegates experienced in our workshops, **and to witness their determination to heal their communities.**
